Notes:

1990 UGB and Rural Lane County population estimates are derived by overlaying Census block data on digitized UGBs and the regional boundary.

2000 UGB and Rural Lane County data are from the U.S. Census.

2005 PSU Estimates are population estimates prepared by Portland State University.

2025 and 2030 adopted Coordinated Population Allocations for UGBs and Rural Lane County were adopted by the Lane Council of Governments (LCOG) Board on February 24, 2005. Note that coordinated allocations were adopted for Eugene-Springfield metro region and not for the individual cities. See Table, *Proposed Coordinated Population Allocations* for data sources and methodologies for Proposed Population Allocations.
